SAM 21 CLIPPER

Society of Antique Modelers

Chapter 21

AMA Charter Club No.1470

... Last month's cover featured a montage of SAM launches - and off we go!
This month's cover illustrates the culmination of a successful flight as the model nears a gentle landing.
The electric powered Valkyrie shown ghosting silently by, on 'final' towards the runway, belongs to
George Shacklett who flew it at the SAM Champs some years back.

2012 "GOODIE" Schedule

Here are the choices for the year, by "accident" excusing those who normally do not attend meetings on a regular basis.

If you cannot accommodate this schedule, then it will be your responsibility to "volunteer"/coerce another member to take your place.

And, If you feel 'The Call' (and aren't on this list), please call one of the unfortunate souls on the list and offer to take their place. Note: there is a standby on call ...

JANUARY	Gurney
FEB	Roselle
MARCH	Sargent
APRIL	Alan Peterson
MAY	Leopold
JUNE	Lewis
JULY	Marshall
AUGUST	Chichillitti
SEPT	Henry Smith
OCT	Saso
NOV	Vanderbeek
DEC	Dowling
Standby: Noel Eberhardt	

MINUTES OF SAM 21 MEETING

MARCH 22, 2012

The meeting was called to order by President Brian Sargent at 7:05PM. There were 12 members present and no guests. The minutes of the February meeting were approved by voice vote. Treasurers Report by Lescher Dowling indicated the club was still solvent. Current total membership stands at 46. Lescher advised that we had received our 2012 AMA Charter. Additionally, he stated that he had received funds from 2 members that were in excess of the annual dues. These 2 people were Dave Bruner and Gianco Lusso from Switzerland and the club thanks them for their generosity.

COMPETITION: Dave Lewis advised that the SAM 26 Spring Annual is coming up this weekend but only 2 club members are going to attend. He also advised a NCFCC FF/OT RC meet at Waegell Field is set for April 7, 2012. He reported that there were Fun Flies held at the Schmidt Ranch last year and several set for this year; unfortunately, there was never any flier or publicity so nobody knew they were happening. There is talk that a FF might be held this year at the Woodland-Davis field. Dave also brought up the club's semi-annual 1/2A Texaco/Speed 400 at Dwarfs Field. It is set for April 28, 2012, between 8:30 and 11:00AM. Bill Copeland will put something in the CLIPPER about this club contest.

UNFINISHED BUSINESS: Jake Chichilitti reported on the preparations for our annual contest at the Schmidt Ranch on June 8/9, 2012. He asked for comments about the question of combining classes (A Glow with A Ignition) and it was decided not to combine classes this year. Bill Vanderbeek gave an update on the participation awards. The flier for the contest should be out very soon according to Bill Copeland and will be mailed out. There will be a Saturday nite banquet, perhaps even Tri-Tip, with fresh Corn on the Cob, French-fries, etc.

Brian Sargent suggested we have a "Pizza Party" at our April meeting which is set for April 26. There will be a short meeting at the Saratoga Fire House and then several pizzas will be served. Again Bill Copeland will send out an early notice.

NEW BUSINESS: Bill Vanderbeek passed around copies of a model swap meet being put on by the Alameda Aer-O-Nuts on March 24, rain or shine.

Bill Copeland then brought up the subject of the cost of mailing "hard copies" of the CLIPPER to members. He figures the cost to the club of mailing out a copy of the newsletter to be about \$2.50 including stamps. A long discussion followed and it was finally decided, for now, to try to get members to receive the newsletters electronically, which is at little or no cost to the club. Dues will remain the same as they are now.

Noel Eberhardt gave a long talk about working with young folks to get them involved in building and flying model airplanes.

SHOW & TELL: Bill Vanderbeek passed around an altitude cut-off mechanism that cuts the engine when the model hits 600 feet or 30 seconds elapses. He said that SAM 27 people have purchased several of these units (\$70 each) and they are going to put on a contest event in the future for Speed 400 models.

Bill also showed the fuselage of his Cab Ruler, designed by Henry Struck. Bill pointed out that the landing gear unbolts and then folds up for easy storage. He will put a strong .19 ignition in the model.

Jake Chichilitti showed his R/C Super Sportster biplane with a ST G-21 .47 and 10x6 prop. Jake crashed it on landing a while back and he has rebuilt it with four ailerons rather than just 2.

Noel Eberhardt passed around pictures of hang gliding in 1929 in Monte Vista. He also showed a system for turning plastic Coke bottles into clear plastic canopies using heat. The example is for a small glider.

Lescher Dowling showed pictures taken at the Zapatini Collecto in Fresno and advised that he sold his race car with a Rossi twin in it.

Steve Roselle passed around pictures of old French airplanes.

Respectfully submitted, Dave Lewis, Secretary

APRIL 2012 AGENDA

Meeting of 4/26/12
7:00 - 7:30 - Silent Auction
Call to order: Brian Sargent 7:30PM
(Following the Silent Auction)

Members present:

Guests present:

Introduction of guests.

Approval of minutes of the meeting of: 3/22/12

Treasurer's report: Lescher Dowling

Membership report: Lescher Dowling

Competition report: Dave Lewis

Unfinished Business/reports:

- A) Chichilitti: *Ranch Romp Planning*
- B) Dowling: *'Junior' Membership*

New business:

- A) Sargent: *Set event Dates*
 - 1) *1/2 A/Speed 400 event - October - Dwarfs*
 - 2) *Collecto - Vanderbeek*

BREAK!!!

Show and tell: Open.

Program: TBD.

Refreshments - Alan Peterson -
Coffee - courtesy of Lescher Dowling

Adjournment:

Next meeting: 5/24/12 at 7:00 pm Saratoga F. D.

...Notes From The Right Seat

Well, it can't be said that we didn't try.

After many phone calls and E-mail exchanges it seems like our proposed 'Co-Op' SAM Contest idea has produced two results: 1) The Chapters which might have needed the most help have opted to go forward with a 'Fun Fly' format (see page 10 for the SAM '30 flyer - others to follow) and; 2) We have pretty much filled out the 2012 flying season. (see updated Event List - page 2 where you will find, in addition to the SAM 30 event, two Fun Fly dates for SAM 51 - more detailed information to follow). So, it looks as though we will have enough events to satisfy even Dave Lewis. So much for that idea ...

In this issue I have introduced a new feature as an experiment. For the first time, ever, a 'Centerfold' - no, not that kind - will be found on pages 6 and 7. The only drawback that I have run into is that, since I'm guessing that none of you have printers that will print 11X17 size, is that the E-copies are **best printed 'duplex' on your regular printers - that is back to back** if you don't do that already. The print copies will be printed by Kinko's as a 'booklet' on 11X 17 and will come out with a true "centerfold". This is only an experiment ...! If it doesn't come out to everyone's satisfaction - including mine - It won't be repeated.

I want to bring to your attention that you now have a toll free number by which to reach 'Ye Olde Editor'. The number is: **1-866-672-2672**. You will find the number listed on the back page of each issue in the listing of the officers. So, feel free to call on any issue.

A reminder that '21flyers should get ready for the 1/2 A Texaco/Speed 400 event that will take place on **Saturday April 28th at the Dwarfs field in San Jose** (weather permitting of course).

This event is a good way to start your flying season as the competition is not what one would call 'intense'. Our thanks to member Ted **Kafer** for arranging use of the field.

This is the time for Chapters to nominate candidates for SAM Hall of Fame. Any suggestions for SAM 21?

We are also in a 'Rules Change' window. Any suggestions for changes to the 2010 SAM rules?

Remember, SAM and '21 events are only as good as the membership participation. As noted above, there are several opportunities at upcoming events to enhance the experience for everyone by participating whether you are a flyer/competitor - or not. Show up for the camaraderie if nothing else.

More next month ...

From The March Meeting ...

Left: Henry Smith with his 'experimental' balsa 'paper' powered glider? Henry found that the motor lacked the power to get more than a steady, sinking glide and only ran for about 30 seconds. Henry, we think the experiment is over ...

The top of the Bottle

Above left/right: Noel Eberhart explains how he molded a glider canopy using a 2 liter plastic bottle and a heat gun. Note the top of the bottle on the left ...

Above left/right: Bill Vanderbeek displays his Cab Ruler - note landing gear attachment which allows easy removal for transport

Right: Enya engine innards exposed. Certainly must be hard to start ...

Left: V.P. Jake Chichilitti displayed his 'resurrected' Super Sportster. New iteration features ailerons on all four wings

36th ANNUAL SAM 21 R/C OLD TIMER CONTEST

(AMA Sanction No. 12-0904)

June 8,9,10 2012

At the finest RC Old Timer Flying Venue West Of The Mississippi!

11948 Franklin Blvd. Elk Grove, CA 95758 (916-684-2265)

Start with a traditional SCHMIDT RANCH "fix your own" pancake breakfast each day, cruise through the Pilots meeting, fire up your favorite "Old Timer" or just relax, conversing with your contemporaries on the lawn, under the friendly shade trees...

Many 'famous' SAM competitors will be there to share the secrets of their success

Great Drawing Prizes, great BBQ lunch each day for \$5.00

*- your choice of a juicy hamburger, or a spicy hot dog, Cooked to order by '21 head Chef, **Brian Sargent***

Highlighted numbers are the ones scored. DNF = Did Not Fly. Various reasons account for this, but mostly we note that when the weather is too comfortable, lots of socializing goes on and some of us just don't get around to it. DNFO = Did Not Fly Off, although the flights qualified for the flyoff.

The contest was dedicated to our late friend **Hardy Robinson**, affectionately known as "**Robbie**".

Spring Opener at Taft by Jake Chichilitti

I loaded up my van with five airplanes and headed down Hwy 101 to pick up Dave **Lewis** and his airplanes. What should have taken 30 minutes turned into a stop and go mess because of a gravel spill at Willow Road which closed the road for awhile. I finally arrived at Dave's place and we loaded everything into my van and headed out around 12:00 noon.

The trip to Taft was uneventful and we arrived at the flying site just after 4:00 PM. We could see cars and trailers set up as we drove up to the field and we sat around and gabbed with everyone before we went back to town to check in to the motel. The weather was warm and there was very little wind that afternoon.

Later that evening several of us went to a Mexican restaurant in town and had a great dinner. Then it was back to the motel to start charging up the equipment we were planning to fly the next day.

Saturday morning, after a quick breakfast Dave and I went to the field. Again the weather was perfect and it stayed that way all day. If I remember correctly there were twenty one registered pilots and there was quite a line of cars in the pit area.

I flew 1/2A Texaco and A ignition that day and managed to place second in both of them. I also flew old time glider and didn't place in that event. I think there were eight or so entries in that event and saw some of the best flying ever and some of the best looking old time gliders ever.

Dave flew in two events that day, I know one of them was Texaco and for the life of me I can't remember the other event he flew. Maybe Dave can add to this story. (see above results: Texaco, Antique, 1/2 A Texaco)

This event was dedicated to the memory of Hardy **Robinson** a long time member of SAM 21 and the contest director for their events. I met Hardy awhile back when I made my first trip to Taft and he was a real gentleman. I have only been in SAM for a few years now and the passing of our friends is happening way too often.

We knew that Sunday was going to be a lousy flying day because of the weather reports and for once the weather man was correct. We woke up to rain and it never stopped. Dave and I drove out to the flying field and it was decided by all the pilots that the contest would be cancelled.

The trip home was very pleasant. Dave is a wealth of knowledge which he shared with me on the drive. Thanks for the company; you're a good guy no matter what the others may say!

Jake C

Come Fun Fly with Us!

When: Saturday, July 21, 2012

Where: Schmidt's Ranch

Contact Information:

Warren Pickering 530-846-2542

Sam 30 invites you to bring your favorite Old Time Models and enjoy a relaxed day of non-competitive fun. A Hi-Start will be available, test fly a new model or just enjoy a oldie.

Miriam's pancakes and coffee will be waiting in the morning and lunch will be available for \$5.00.

A great raffle will be held and maybe an oddball trophy or two will be awarded.

See you there!

Some New Czech Models...

From Ed Hamler:

Petr Kolar sent me some photos of the new models he's preparing for the SAM Euro Champs'.

'I am attaching a couple of the glider photos. They are both gorgeous and excellent examples of the craftsmanship often seen in Europe'.

Rado Cizek's Zehrovice, above right, is a superb flyer. I'll look for it in June in Slovakia'.

Thanks Ed...
