

This list is constantly changing. Some plans are very old and may not copy very well. You will be sent the best copy I can get, or informed that it is too far gone to copy. Some of the listed plans are still waiting to be restored. You will be informed if this is the case with any choice. If you don't see what you are looking for, please ask I may have it but not yet listed it.

**THIS IS PRIMARILY A PLAN SWAPPING SITE. I PREFER TO SWAP PLANS WHEN POSSIBLE.
I WILL SCAN AND RETURN ANY PLANS YOU WISH TO SEND.**

E-mail me at derick@model-plans.co.uk

See my plans swap website www.model-plans.co.uk

PLEASE NOTE ALL PLANS ARE PRINTED TO ORDER

Special note

All plans can be scaled to any size required.
Please note that the larger the plan goes, the less clear it will be.

If you want to see a picture of any of these models, just ask.
Adding photos would make this list too big to email.

**Special note; - Some plans are still available from the makers, please buy those from the makers.
I can only sell copies of plans no longer produced.
Other plans may be swapped or sold. Thank you.**

**MY PRICES REFLECT THE ACTUAL COST OF THE PAPER AND INK AND NO PROFIT IS MADE
THIS IS MY HOBBY AND NOT A BUSINESS**

PRICE LIST AS OF 2022

A	£3.50	N	£15.00
B	£4.00	O	£17.00
C	£5.00	P	£19.00
D	£6.00	Q	£22.00
E	£6.50	R	£24.00
F	£7.00	S	£28.00
G	£7.50	T	£31.00
H	£8.00	U	£33.00
I	£9.00	V	£36.00
J	£10.00	W	£40.00
K	£11.00	X	£45.00
L	£12.00	Y	£50.00
M	£13.00	Z	£60.00

ORDERS OVER £30 EXCLUDING POSTAGE GET A 10% DISCOUNT

UK POSTAGE :

ORDERS UP TO £5.00 POSTAGE IS £1.75
ORDERS £5.01 TO £9.99 POSTAGE IS £2.75
ORDERS £10 TO £15.00 POSTAGE IS £4.00
ORDERS OVER £15 POSTAGE WILL BE QUOTED WHEN THE PLANS HAVE BEEN PRINTED AND WEIGHED.

All order will be folded. If you want your plans rolled, add £14 to cover tube and extra postage. This is due to huge postage increase at the post office now they have dropped the standard parcel rate.

OUTSIDE UK AIRMAIL WORLDWIDE POSTAGE

ORDERS UP TO £5 POSTAGE IS £4.75
ORDERS £5.01 TO £10 POST IS £6.50
ORDERS OVER £10 will be quoted per order once they have been printed and weighed.

International plans cannot be sent rolled without getting a price first. Example 2.5 Kilo 36" long rolled was £30 in Europe and £50 outside Europe when I last checked.

TO USE THIS INDEX ON YOUR PC

MOVE POINTER OVER THE HEADING YOU WISH TO GO TO AND CLICK.

ALTERNATIVLY USE CTRL AND F TO ACCESS THE FIND FUNCTION THEN TYPE IN THE PLAN YOU WANT.

The r/c models Surf, Sprinter, Muskie and Veltro: in reality they were produced by the company "Aeromodellistica Centro Italia" of Foligno (near Perugia) of which Mr. Gino De Dominicis was the founder and

designer. The Aeropiccola company of Turin was only the distributor in the mid-1980s and marketed the kits under its own brand.

Fokker D-VIII 18" rubber power
Grumman Wildcat 20" rubber power
Hawker Fury mk1 17" rubber power
Hawker Hurricane 18" rubber power
Jodel Bebe 18" rubber power
Luscombe Sedan 24" rubber power
ME 109 G 18" rubber power
Neuport 27 span 20" rubber power with parts patterns
North American Harvard 21" rubber power
SE5A 15" for rubber power
Short Seamew 20" rubber power
Sopwith Camel 18" rubber power
Sopwith Triplane 17 ¾" rubber power
Spirit of St Louis rubber or Co2 span 24"
Spitfire 18" rubber power

Spitfire early plan as above but with instructions on plan
Tiger Moth DH 82a 18" rubber power
Whitman Buster 16" rubber power

- **FREE FLIGHT SPORT POWER**

Cardinal 32" cabin f/f for .5-.75cc with building instructions
Deacon 52" cabin f/f for up to 1.5cc with parts patterns and instructions
Deltaceptor 40" ducted fan for .8cc with parts patterns and instructions
Martinet for free flight and control line 1cc power cabin model with parts patterns
Sky Scooter with instructions 48" span for 1-1.5cc motor
Stentorian 72" span for the stentor petrol engine with parts patterns
Streaker 39" span with parts sheet for 1cc motor pylon duration power model
Velox 44" span pusher engine .5-.9cc with parts patterns
Vespa. Not a plan but a full size drawing from which the model can be built. 22" span .5cc

- **FREE FLIGHT RUBBER SPORT**

Cadillac 20" span sport rubber model with parts patterns
Consul 20" span sport rubber model with parts patterns
Corsair 20" span sport rubber model with parts patterns
Coupe 20" span cabin rubber model with parts patterns
Eagle 46" span with parts patterns
Fantail 22" semi scale shoulder wing model
Goblin 20" span 1949 with parts patterns and instructions
Fledgling 24" duration model with parts patterns
Hawk 38" duration rubber model very early poor plan but you can build from it
Junior Skylark 20" span rubber model
Nimrod 28" span lightweight duration rubber model with instructions, balsa tube body
Rascal 24" span duration model with instructions
Sentinel 35" span cabin duration rubber model with parts patterns and instructions
Snipe 20" span free flight rubber powered cabin model
Queens cup winner 52" span duration model with parts patterns

- **GLIDER**

Big Impala 74" span with instructions
Buzzard 60" span vintage glider with parts patterns
Cirrosonic 34" basic glider with instructions
Classic 36" span glider no parts sheet
Combi kit 'classic' glider
Dominette 28" span pod/boom glider with instruction sheet and parts patterns
Domino 46 3/4" span A1 glider free flight towline with instructions
Eagle vintage glider 1937 with parts patterns. Plan needs work yet
Impala slope soarer 52" span
Kiwi 43" tailless soarer with parts patterns
Phoenix 60" glider had spindle molded body. I have scaled side view to show full size
Slingsby Perfect mk1 30" scale glider
Vortex Nordic A2 glider early one not the modern one for r/c
Wagtail with parts sheet 30" span pod and boom glider

- **R/C SCALE**

Avro 504 K 56" span for 3 channel r/c and .23-.36 with instruction book
Cessna Skylane 54" span with instructions and parts patterns
D.H. Tiger Moth 50" span no parts patterns
Fokker D VIII 47" span for 1.5cc free flight to 3.5cc r/c with parts patterns and instructions
Fournier RF5 72" span for up to 2.5cc motor glider no parts patterns
Hawker Tomtit 52" span no parts patterns with instruction book
Neiuport 28 65" span estimate .60-.90 4 stroke. Unfinished design never went into production
Piper Cherokee 56" span for .19-.35 with instructions
Sopwith 1 1/2 strutted 48" span for 2.5-3.5cc motor with parts patterns

- **R/C SPORT/TRAINERS**

Mini Concord trainer 40" span for up to 1.5cc motor with instructions
Mini Robot 36" span for up to 1cc motor single channel r/c
Robot 45" r/c trainer with instruction sheet 3 sheets in total
Super Robot updated version of the Robot 60" span for .25-.40 motor
Viscount 54 free flight on 1.5cc r/c up to .35 2 sheets

- **JETEX FREE FLIGHT**

Cirro-jet 35" span for the jetex 200 motor with parts patterns
Fouga Cyclone 30" glider jet assist for jetex 50
Min-o-jet 18" span all sheet model for jetex 50 with parts patterns
Republic Thunderjet 18" span for jetex 50

- **SOLID MODELS**

Super Truscale Lockheed Starfire 1/72nd scale
Super Truscale ME 109 1/72nd scale
Super Truscale SAAB J29 1/72nd scale

- **VERON BOAT PLANS**

Huntsman 28 a 42" long power boat for 3.5-10cc motor parts not shown
River police patrol launch 26" long diesel up to 2cc or up to 12 volt electric motor
Round Britain Racer 041 28" long power boat for 1-3.5cc motor parts shown
Skid boat high speed hydroplane for .46-1cc motor free running 14" length
Vosper with parts patterns for 1cc diesel or electric motor

VERONITE

Buzzard 60" span free flight glider
Veronite number 1 28" span high wing cabin rubber model with parts patterns
Veronite number 2 30" span open cockpit free flight rubber model with parts patterns
Veronite number 4 22" span simple low wing rubber model
Veronite number 5 20" span high wing twin fin rubber model

WHAT THE HILL IS IT??? CONTROL LINE ODDITY

Hill Special. This weird model that defies categorization! It is a flat fish shape wing with a thick symmetrical section blended into the spinner at front and elliptical tail, engine lies flat on it's side inside the wing with full details of the extension unit, even the leadouts and pushrods are like a meccano set! 20" span with takeoff dolly even shows details of hand carved gum wood prop. I just gotta get me one of these! Plans date from the early 1950's I need photos if anyone has the guts to build one and fly it!! PRICE F

PAPER MODELS

I have almost 350 printable files for folded paper scale models, full 3D models some have the color scheme printed on the parts, do a print out, cut out the parts, fold and glue together to get a scale model fully detailed. Table top scale modeling! Email for details

There are lots more not yet listed and this list is ever growing, please say if you have any you want to swap, I am always looking for old plans.(not pull out magazine plans please) I am mainly looking for out of production kit plans from old kit makers like Performance kits, Kestrel kits, Ambroid kits, CMA, Halifax kits, Skyleada kits, Contest kits, Astral kits, Yeoman kits, Veco kits the earlier the better. I still have more to go on here yet so keep checking back.

WELL DONE, YOU HAVE REACHED THE END, SO FAR....
